DEAD MAN HAD COPY OF THIS PAPER

ONLY CLUE TO IDENTITY OF THE MAN KILLED AT JANESVILLE.

WAS KILLED IN ACCIDENT

The Label on the Paper Had the Name of W. A. Stone, Who Is Subscriber on Pickering Route.

A copy of the Daily Democrat-Forum of February 7, 1920, bearing the subscriber's name as W. A. Stone, was found on the body of an unknown young man who was killed in an accident at Janesville, Wis., on May 14.

Such information was received by this paper today from the police department at Janesville.

W. A. Stones lives near Pickering and the Democrat-Forum was unable to reach him by phone as he was out in the fields. Mrs. Stone, his wife, said they had a nephew by the name of Homer who was on his way West. She said she had not heard from him for over two months. She did not know of anyone else, as they had no relative nor any hired man visiting nor working for them during month of February this year. Mrs. Stone said she did not send a copy of the Democrat-Forum to her nephew, but she thought probably he husband did.

The letter to the Democrat-Forum follows:

"On May 12, an unknown young man about 23 years of age met with an accident which caused his death two days later. This young man gave the name of Earl W. Ballard, but to date we have been unable to locate his parents or friends.

"Enclosed you will find an issue of your paper which he had inside his cap. Will you call the subscriber's attention to this, and let me know if he knows anything of this young man?

"Very truly yours,
"SGT. HARVEY M. JONES."

REV. ROBERT W. BURTON DECLINES PASTORATE CALL HERE

Winona, Minn. Minister Has Accepted a Call to Church at Mount Sterling, Ill.

The Rev. Robert W. Burton of Winona, Minn., who was sent a call to become minister of the First Presbyterian church of this city, has declined the offer, as he has accepted a call to the Presbyterian church at Mount Sterling, Ill. Such information was received today by John D. Richey, who is chairman of the pulpit committee.

Mr. Burton preached at the church in this city a week ago last Sunday and the congregation at a meeting held May 26 unanimously voted to extend a call to him. His salary was to have been $2,000.

The committee has no one in view for its pastor. The church has been without a pastor since the first of the year.

NINE MARYVILLE DELEGATES TO ATTEND MEET AT HOPKINS

Annual Convention of Maryville District Epworth League Held There This Week.

Nine delegates from the Epworth League of the First Methodist church of Maryville and probably several others will attend the annual convention of the Maryville district Epworth League which will be held at the M. E. church in Hopkins on June 4, 5 and 6.

The nine delegates are Alma Tabler, Margaret Kerr, Justine Fraser, Annette Stilwalt, Mary and Ruby Irwin, Wava Hulet, Harry Price and Arthur Garrett.

An interesting program has been arranged for the three days and a large number of delegates from all over the district are expected to attend.

"A SINGLE MAN" TITLE OF PLAY BY COLLEGE GRADUATES

"A Single Man," the play to be presented Monday, June 7, in the State Teachers College auditorium by the graduating class, is a modern four-act comedy. The scene is laid in England and the plot centers around the love story of Robin Worthington, writer.

The play is being produced under the direction of Miss Dow and rehearsals have been in full swing since the first of May. With the facilities afforded by the new stage and the curtain, it is going to be possible to produce it in a manner quite professional. The college orchestra under the direction of Mr. Kutschinski will play the overture and furnish the music between the acts.

The cast of characters is as follows:

Robin Worthington, the hero, A Single Man—Arthur Darnell.

Henry Worthington, A Captain in the British Regulars—Lowell Livengood.

Isabella Worthington, given to baby talk—Frances Holliday.

Louise Parker, the siren — Carrie Coler.

Miss Hesseltine—Laura Curfman.

Lady Cottrell, the strong-minded—LaVora Hudson.

Maggie Cottrell, seventeen — Lois Hankins.

Dickie Cottrell, the tom boy—Viola Barber.

Bertha Sims, the slow — Eula Pearce.

Mrs. Higson, the housekeeper — Gussie Dills.

Gladys, the parlor maid — Lillian Carpenter.

GOVERNOR GARDNER HERE TUESDAY

WILL DELIVER ADDRESS TO THE COLLEGE GRADUATING CLASS.

STORES ASKED TO CLOSE

Proclamation Issued Today by Mayor Garrett Asking That a Half-Holiday be Declared.

PROCLAMATION.

Governor Frederick D. Gardner, the chief executive of this state, is to be the guest of this city on Tuesday, June 8, 1920, coming here for the purpose of delivering the address to the graduating class of the State Teachers College.

Expressive of our appreciation of the honor conferred upon us by this visit of the Governor of Missouri and as a token of our pride in the great educational institution that brings him here, hereby set apart as a half-holiday the afternoon of Tuesday, June 8, 1920, and request that all business establishments close from 2 o'clock until 4:30 o'clock of that afternoon, and that the stores and windows be decorated in the colors of the State Teachers College and flags and bunting.

The people of this city are requested to lay aside their usual employments for this afternoon and attend the graduating exercises at the State Teachers College as a further recognition of the honor we sustain by reason of the visit of the Chief Executive of this state.

Maryville recognizes the inestimable value of the contribution that is being made to the citizenship of this great Republic by the State Teachers College through the training of men and women instructors of the youth of the land in our public schools and the people of this city will honor themselves by responding to this call in the spirit in which it is made and at the same time give material evidence of the esteem in which they hold President Ira Richardson and his able corps of assistants.

W. O. GARRETT, Mayor.

The above proclamation was issued by Mayor Garrett today and it is urged that a general observance of closing of the stores by the merchants be done next Tuesday afternoon during the visit of Governor F. D. Gardner to Maryville to deliver the address to the graduating class of the State Teachers College.

Governor Gardner is expected to arrive in Maryville on the noon train Tuesday. He will be met at the station by a Gardner car with Fred Newlon as chauffeur and a reception committee composed of President Ira Richardson, W. A. Blagg, president of the board of regents, and George L. Wilfley, president of the Chamber of Commerce. The College authorities will serve lunch at one of the hotels and the invited guests will be the members of the board of regents, the city officials, and officials of the Chamber of Commerce.

The exercises at the College will commence promptly at 2:15 o'clock. A number of cars will be stationed at the corner of Third and Main streets for the purpose of taking the people to the College. The Phares Lumber Company has loaned their truck for the occasion and will haul a number of the business men to the College.

This is Governor Gardner's first visit to Maryville since he has been governor.

FAUST FILES AS REPLBLICAN CANDIDATE FOR CONGRESS

Charles L. Faust of St. Joseph filed yesterday with the secretary of state as a candidate for the Republican nomination for congress in the Fourth district.

Faust is the fourth Republican to announce as a candidate for congress in this district. The other three are Allen May, a young attorney of St. Joseph, Lawrence Bothwell of St. Joseph and Dr. John LeGrand Baker of Maryville.

Three Democrats also have filed—Judge W. K. James of Andrew county and Lewis C. Gabbert and Robert L. Young of Buchanan. It is believed there will be no further filings on either ticket.

Charles L. Faust was city counselor under Elliot Marshall's former administrations in St. Joseph.

ALBUS AND BOYER NOT SEATED BY COMMITTEE

Chicago, June 3.—Rival delegates from the Fifth Missouri district who were refused seats in the Republican convention by the action of the national committee Wednesday night announced today they would carry their fight to the credentials committee of the convention.

Chicago, June 3.—The Republican national committee, turning its attention yesterday to the contest in the Fourth Missouri congressional district, voted to seat C. U. Philley and L. C. Cottrill in the places for which John Albus and John S. Boyer were contesting.

Philley and Cottrill are unpledged but counted among the forces of General Wood.

Albus, one of the contestants figured in yesterday's testimony before the senate committee investigating campaign expenditures, B. L. Morse of Missouri, who said he handled most of Governor Lowden's campaign fund in that state, testified that he paid out $2,000 to Albus, who did not appear to press his contest before the national committee yesterday.

Both delegations from the Fifth Missouri district (Kansas City), were thrown out by the Republican national committee on the ground of "fraud and disgraceful conditions," in their election. It was the first case in which both sides to a contest were excluded.

The committee decided to seat all the eight delegates-at-large from Missouri. This action was taken with regard to every state delegation that contains more than the regular quota o fdelegates.

It was decided, however, to seat but four alternates-at-large from Missouri, as well as the regular quota from other states. The committee found it impossible to seat double the legal number of alternate from any state, inasmuch as the alternates do not have a vote in the convention it if not thought this decision will materially disturb conditions in any state.

ST. JOSEPH STOCKYARDS BALL TEAM HERE SUNDAY

The Stockyards baseball club of St. Joseph will play the Maryville Merchants Sunday in this city. Manager Fred Green of the Stock Yards team plans to have a special train from St. Joseph, because of the large number of enthusiasts who are coming from that city. The train will leave St. Joseph early in the morning and return immediately after the game. A rate will be granted provided more than 100 make the trip.

Maryville, who was beaten in the first game of the season by the Stockyards, is out for revenge, but realizes it has a hard foe to defeat. The Maryville team has hired a band, and will meet the St. Joseph delegation at the depot with it. The contest will be played on the fair ground diamond.

CONDITION W. J. MONTGOMERY STILL SLIGHTLY IMPROVED.

According to word received in Maryville this morning, the condition of W. J. Montgomery, who has been very ill at the Ensworth hospital in St. Joseph following an operation, was slightly better this morning. Mr. Montgomery received about an hour of rest last night and it was thought he was a trifle stronger this morning.

Miss Della Miller of Ursa, Ill., is in Maryville visiting at the home of Mr. and Mrs. Trueman Crank.

COUNTY VALUATION OVER 25 MILLION

STATE BOARD OF EQUALIZATION FIXES ASSESSMENT HERE.

CUT DOWN 45 MILLION

Assessors Fixed Valuation at 71 Million—Valuation Is Two Million More Than Last Year.

The State Board of Equilization has fixed the valuation of this county for the taxes of 1920 at $25,754,146, which is $189,223 more than the valuation placed by the State Tax Commission. The report of the Board of Equalization was received today by County Clerk Fred W. Smith. The valuation of the county as returned by the assessors was $71,081,692, but the state board reduced this amount $45,327,546.

The valuation of the land was placed at $16,457,016, being a decrease of 70 per cent over the assessors' report; valuation of town lots was $2,969,169, being a decrease of 55 per cent. The total valuation of the real estate was $19,257,185.

The valuation of the personal property is as follows:

Horses—$731,309, a decrease of 33 1-3 per cent.

Mules—$178,468, a decrease of 331-3 per cent.

Asses and Jennets — $6,634, a decrease of 25 per cent.

Meat Cattle—$1,257,896, a decrease of 30 per cent.

Sheep—$87,713, a decrease of 30 per cent.

Hogs—$437,699, a decrease of 30 per cent.

All other live stock—$777, a decrease of 30 per cent.

Money, notes, bonds, mortgages and other evidence of debt—$1,806,517, a decrease of 40 per cent.

Corporate companies, bank stock—$617,992, a decrease of 40 per cent.

All other person property—$1,272,946, a decrease of 30 per cent.

The total valuation of the personal property is $6,396,961.

The valuation this year is $2,362,551 more than it was last year.

COL. SCRUTON OF SEDALIA A CANDIDATE FOR SENATOR

Sedalia Editor Makes Move Believing Governor Gardner Will not be a Candidate.

Jefferson City, June 3.—Col. George H. Scruton, editor of the Sedalia Democrat, came here yesterday and filed his official declaration with the secretary of state as a Democratic candidate for United States senator. He undoubtedly acted under the belief that Governor Gardner cannot be coaxed into the race, for he had long been urging the governor as the logical candidate of the party. He did not see the governor, however, before he filed.

The only word from the governor on the subject was a message delivered by his private secretary to newspaper men and it was to the effect that he will make a short statement tomorrow. That he will decline to enter the race, for a second time within about two months, is not doubted.

DEATH OF MRS. ANDERSON AT KANSAS CITY TODAY

Mrs. Frank Anderson died at her home in Kansas City today at one o'clock after a few months illness of heart trouble. Burial will be in Maryville beside the body of her husband who died a number of years ago. It is not known at this time when the body will be sent here, but it is thought the funeral will be held Saturday morning.

Mrs. Anderson was born in Holt county, Mo., May 5, 1855. She was educated in the schools of Holt county and at Brownsville, Nebr. She was married to B. F. Anderson December 6, 1883, in Maryville. Mr. Anderson was a furniture dealer and undertaker in this city for twenty-nine years, his death occurring February 12, 1903.

Mrs Anderson moved to Kansas City several years ago to make her home there. She is survived by one son, Jesse Anderson of Kansas City.

MEMORIAL SERVICES HELD AT GRAHAM LAST SUNDAY

A decoration day program was held at Graham at the M. E. church on last Sunday. The sermon in the morning was conducted by Rev. DeBolt on the subject, "The Building of a Nation." In Rev. DeBolt's splendid sermon he referred to the fact that it was the fundamental principles of unity, justice and righteousness that has made us a great nation and the church must possess these if she expects to make progress. "In unity there is strength," he said, "although we might not all see alike there should not be anything to keep us from working together." The morning service was opened with music by the orchestra and the services closed by congregation singing the Star Spangled Banner.

The afternoon services opened with music by orchestra, invocation by Rev. Allen and song, "The Making of the Flag," sung by a number of boys and girls.

Rev. Allen addressed the veterans of the Civil, Spanish-American and world war on the subject, "The Cost of Liberty." He said, "liberty had cost no little sum, and the time is here when heroes of war must become heroes of peace in order to make this victory and liberty secure."

The address was followed by a drill by nine little girls dressed in red, white and blue. After a few remarks by Mr. Decker, the congregation marched to the cemetery, led by the six civil war veterans and the twenty-six world war veterans.

The fifty-three graves of the civil war veterans were decorated first, lead by Mr. Decker. Then Dr. Morgan leading the world war soldiers carrying a large flag and marching to the music of a drum, decorated the graves of three heroes of the world war.

The Noblett families have the honor of having had members in each of the three wars.

The day was beautiful and a very large crowd was in attendance at each of the services. The church could not seat those that came in the afternoon.

TO OCCUPY PULPIT BAPTIST CHURCH MORNING AND EVENING.

Mr. A. J. Thames of Kansas City, secretary of the Kansas City district Baptist Board, will preach both morning and evening Sunday at the First Baptist church of this city.

Mr. Thames is not a preacher by occupation and will only fill the pulpit Sunday. It is hoped a large number of the congregation will be out to hear him.

WOOD WAS PRESENT AT FINANCIAL MEET

SO TESTIFIED CHARLES DUELL, A YOUNKERS LAWYER, TODAY.

UNDERWRITE CAMPAIGN

Wall Street Interests Represented at the Meeting—Chicago Convention not to Last Long.

Washington, June 3.—General Wood himself was present at a meeting of New York and Philadelphia financiers held in New York last November to "organize" the financial end of his campaign with "half million dollars as a starter." Charles Duell, a Younkers lawyer, closely associated with the Wood campaign when John King of Connecticut was its manager, testified before the senate committee investigating the presidential campaign expenditures today.

Duell testified the meeting of the men indentified with Wall Street and financial interests to "underwrite" the Wood campaign was held at the residence of Ambrose Mondell, steel nickel magnate in New York City. Robert Cassatt, wealthy Philadelphia banker, was present at the gathering, Duell said. Cassatt was asked personally to underwrite a half million of the fund to start the Wood campaign, Duell added, but he declined to do so, however, and O'Nell agreed to raise it himself, Duell explained.

Chicago, June 3.—The Republican candidate for the presidency will be nominated on the seventh ballot is the average opinions of twenty-three visiting politicians, and seems to indicate that it will be either Johnson or Wood. Where the shoulders caught the mantle of Roosevelt, the lobby chatter gives it to Wood since Colonel Roosevelt, "son of the old man," arrived here. While having his picture taken with General Wood, he predicted the convention would be short. Some of the other principal supporters of Wood expressed similar views.

Along presidential row there seems to be a new born feeling things will not drag along in deadlock once the proceedings in the coliseum is under way. All sorts of reasons for the new pre-convention cross currents are put forward but the principal one invoked is the campaign fad airing before the Kenyon committee.

New Figures
On Tire Mileage

The Miller Tire makers, in late years, have nearly doubled their tire mileage.

In their factory tests made last year no rival tire could match the Miller service.

Miller treads outwore all rivals by an average of 25 per cent.

Large tire users are making million-mile comparisons. As high as 20 rival makes are compared with Millers. Miller Tires have already won many of these tests.

Large Miller dealers, making careful comparisons, find that Miller Tires increase their customers' mileage from 50 per cent to 75 per cent.

It is time to get new figures on tire mileage. Try a Miller, watch the mileage, compare it with the tire that you use opposite.

Hundreds of thousands have in this way come to Miller Tires. And Millers are today the most talked-about tires in America.

HOPKINS TO PROSPECT FOR OIL—SECURING LEASES NOW

John Ditto of Maryville and Walter Johnson of Clarinda Discussed Proposition with Man.

Hopkins is to prospect for oil, according to the following from the Journal:

A meeting was held at the office of Dr. S. A. Sargent last Monday morning when John Ditto of Maryville and Walter Johnson, of Clarinda, Iowa, made the business men present a proposition that met with their approval, and if present plans do not fall, machinery and drillers will be here in due time to begin prospecting for oil.

Some thirty-five business men have guaranteed Messrs. Ditto and Johnson their expenses while leases are being taken and later an effort will be made to raise thirty thousand dollars to put into the project, it being figured that it will require about one-third of this amount to get the machinery and drillers on the ground and work well under headway while $20,000 more will be needed to sink the hole until "pay dirt" is found, it being figured that it may be necessary to go down 3,000 feet. It will not be decided where the drilling will commence until after the leases are secured.

Geologists and experienced oil men seem to think we have oil here in paying quantities if we have the nerve to put enough money into a venture to find it.

Some of our local men are very enthusiastic over the project while others are a bit doubtful as to general results, so we will await future developments, hoping it will all work out to the glory of Hopkins and that those backing it up will be financially rewarded.

ALBERT MART ARRESTED FOR ASSAULTING ROY WILLIAMS.

Albert Mart was arrested yesterday by Sheriff Dowden on charge of assaulting, striking and beating Roy Williams. The alleged offense took place May 28. Mart gave bail for $200 and his case will come up in circuit court on June 28.

J. T. Thompson from South Dakota arrived in Maryville last night for a week's visit at the home of his sister, Mrs. Ed Egley and Mr. Egley.

FROM FORTY-FIVE TO SIXTY

A Word of Help to Women of Middle Age From Mrs. Raney.

Morse, Okla.—"When I was 45 years old Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the Change of Life in safety. I am over 60 and have raised a family of eight children and am in fine health. My daughter and daughters-in-law recommend your Vegetable Compound and I still take it occasionally myself. You are at liberty to use my name if you wish."—Mrs. ALICE RANEY, Morse, Oklahoma.

Change of Life is one of the most critical periods of a woman's existence. This good old-fashioned root and herb remedy may be relied upon to overcome the distressing symptoms which accompany it and women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

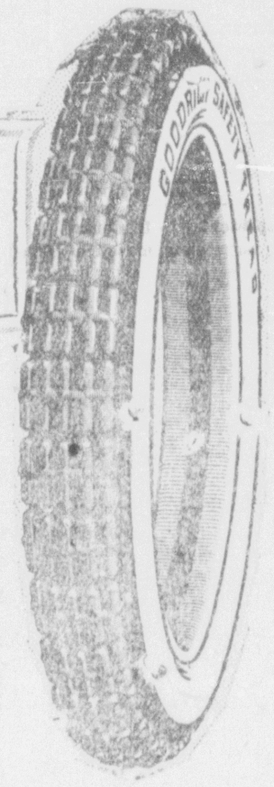
MAKING the MOST of YOUR TIRE DOLLARS

THE WHOLE PROBLEM OF AUTOMOBILE UPKEEP HINGES ON YOUR TIRE EXPENSE. In fact the wear and tear on your car depends largely on the kind of tires you use, and the expense of running your car is largely tire expense.

ANYTHING THAT MAKES A TIRE WEAR LONGER REDUCES YOUR CAR EXPENSE—That's simple arithmetic.

OUR EXPERIENCE IN THE AUTOMOBILE AND TIRE BUSINESS has been responsible for our choice of two makes of tires as representative of the very best quality—tires that will give the very longest wear and the most service under all conditions.

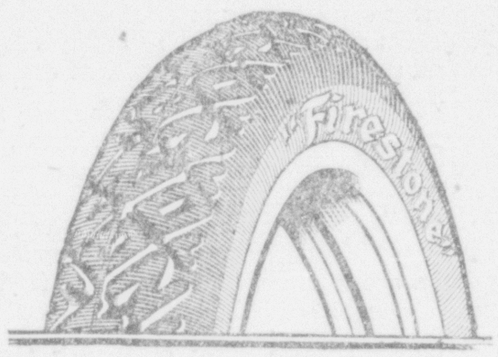
AND IN ADDITION TO OUR SALES AGENCY for these tires, we have our own rebuilding shop where we REBUILD tires that are only partially used, making them practically as good as new.



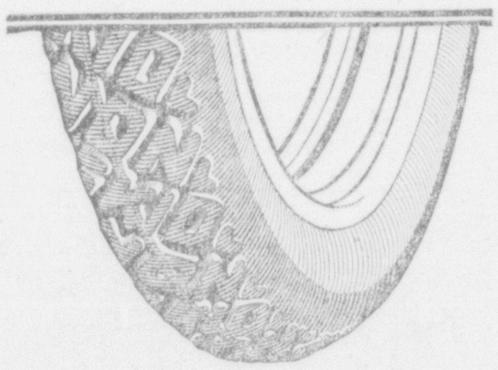
GOODRICH SERVICE VALUE TIRES

GOODRICH TIRES ARE MADE BY THE OLDEST AND LARGEST RUBBER FACTORY and are proven by practical road tests that make it possible to positively guarantee their quality.

The Goodrich people have complete control of the raw materials, and select only the longest, strongest fibre cotton for the fabric. The Goodrich experience in the handling and curing of rubber for every known purpose is a guarantee in itself of proper methods that make Goodrich tires wear longer.



Firestone Cord Tires---



Most miles per dollar is a Firestone pledge, to the big car owner as well as to the owners of light cars. See the new Standard Oversize Firestone Cord.

Firestone

FOR THE USER OF LARGE, HEAVY TIRES—THE KIND THAT YOU GET YOUR MONEY'S WORTH OUT OF—WE CANNOT RECOMMEND TOO HIGHLY THESE FIRESTONE CORDS. The tires are made in large quantities and at consequently considerable saving in the making and consunderable economy to tire users.

On some kinds of roads there is more economy in a cord tire even of a small size than in a fabric, and for large, heavy cars there is absolutely no question of their superiority and economy. Firestone cords are guaranteed to give more miles per dollar.

Kramer's Double Fabric Construction

[Re-built Tires]

FOR THE MAN WHO WANTS TO GET EVERY DOLLAR'S WORTH OF USE OUT OF A TIRE that there is in it, we are making tires that will appeal very quickly to his sense of economy and usefulness. We are taking good, substantial fabric from which the rubber has been worn and putting on both fabric and rubber in such a way as to make virtually a NEW TIRE, but almost twice as thick. In fact, many of these tires have given the mileage guaranteed by new tires and more. But they cost about HALF what new tires cost.

THESE TIRES ARE BUILT UP IN THE SAME MANNER AS NEW TIRES and are steam vulcanized and molded with a solid rib tread—moulded right into the tire. If you really want to save money and get ALL the use out of a tire, buy Kramer's Double Fabric Construction Rebuilt Tires.

IF YOU WANT TO MAKE THE MOST OF YOUR TIRE DOLLARS, bring ALL your tire problems—new, rebuilt or repairing—to us.

GEORGE W. PISTOLE TO THIS COUNTY 77 YEARS AGO

The Hopkins Journal Says Uncle Star Carmichael Cannot Claim to "An Old Resident."

The following is from this week's Hopkins Journal:

On another page of the Journal will be found a story regarding Uncle Star Carmichael, of Maryville, taken from the Maryville Democrat-Forum, in which much is made of the fact that he came to Nodaway county sixty-one years ago.

He might as well go away back and sit down for he does not start to be an old resident compared with George W. Pistole, who came to this county with his parents seventy-seven years ago, and family locating on a claim near the Narrows between where Hopkins and Pickering now stand. At that time there were but very few settlers in the county but Indians and wild game were plentiful.

Like Mr. Carmichael, Mr. Pistole has many amusing as well as exciting stories to relate of the pioneer life. Among his amusing stories is the one concerning the sale of a couple of young negroes by his father, the late Thomas Pistole, who brought slaves from Tennessee when locating here. It was just before the civil war when a planter from farther south in Missouri visited the Pistole claim, to buy some likely young bucks. Two of the Pistole darkies were picked on and priced $1,000 each, the planter snapping them up quicker that a cat can wink its eye. The young bucks got wind of the deal and that night stole the two mules the planter had driven on his trip, making good their escape and the planter was out his mules, the darkies and his two thousand dollars. After the war the darkies dictated a letter to the Pistole family, sending their photographs, one of the young bucks proudly signing his name Chas. Lincoln, the Lincoln part being in honor of old Abe who was instrumental in freeing him. Mr. Pistole is now eighty-three years of age but is as spry as most men of sixty and is frequently taken for a man fully twenty years younger than he is.

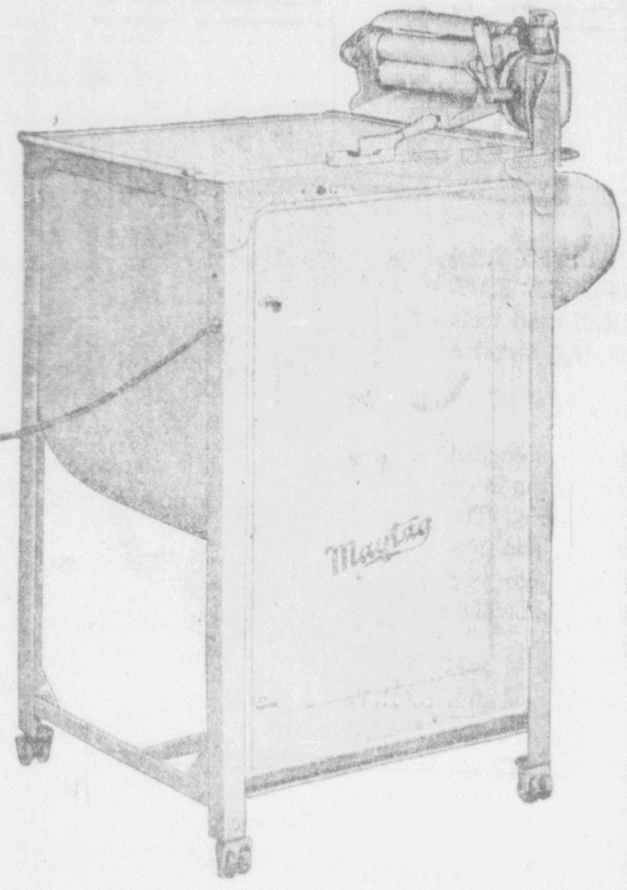
Strawn Family to St. Joseph.

Mrs. C. F. Strawn and daughters, Madelyn and Mercedes, have been visiting relatives in Maryville for several days while enroute from Clarinda, Ia., to St. Joseph, where they expect to make their home. Mr. and Mrs. Strawn have lived at Clarinda, Ia., for two years and previous to that time made their home in Maryville for many years.

About Col. Heifner.

J. J. Heifner, the Maryville man who came into prominence by reason of having fast running hounds, was through here one day last week, but did not say anything about wanting to match a race with the McKee hounds. He may be able to bluff Mart Carmichael, but bluffs won't go with the McKee's.—Pickering item in Hopkins Journal.

Mr. and Mrs. Charles Pfeiffer and daughter, Martha, of Skidmore were Maryville visitors today.



Maytag

Cabinet Electric Washer.

THE RESULT OF A GREAT CLEANSING DISCOVERY.

It was Maytag—the pioneer washing machine maker who discovered that most of the dirt in soiled clothes or other fabrics settles in the meshes. Flushing out these clogged pores is the logical and effective way to cleanse. It is accomplished by the Maytag Millrace Principle—a scientific method perfected after years of testing and experimenting and approved by thousands of housewives.

In the Maytag cylinder there are five openings designed on the principle of the Millrace As the cylinder revolves, the water rushes through these openings with great velocity, which causes the flushing action.

In the Maytag the greatest speed, thoroughness and safety in a washing machine is attained. The smooth aluminum Maytag cylinder washes heaviest pieces perfectly. Dainty garments usually reserved for your own hands can be safely entrusted to it.

The patented all-metal electric reverser on the Maytag is the only power wringer of its kind. Absolutely safe. A mere flip of the lever releases the tension on the rollers—instantly.

Have a Maytag in YOUR house. Solve your wash-day problem. Women who never before believed in mechanical washing have been won by the remarkable results of the Maytag Millrace Principle.

Come at once and see this famous, advanced type washer in actual operation. Or if you prefer we will give you a complete demonstration in your own home.

Ward's ORANGE-CRUSH and LEMON-CRUSH —cloudiness

-like oranges? drink ORANGE-CRUSH

tempting tang of lemons Ward's LEMON-CRUSH

Have you ever noticed the cloudy appearance of Orange-Crush and Lemon-Crush while enjoying these rare-flavored drinks?

The reason for this cloudiness is also the reason for the unequaled deliciousness of Orange-Crush and Lemon-Crush—for it is caused by the uniform distribution throughout the drinks of thousands of minute particles of the actual fruit oil pressed from freshly-picked oranges and lemons.

The interesting process which has made this possible was perfected five years ago by N. C. Ward, and is exclusive with Orange-Crush Company. It marks one of the greatest steps forward ever taken in the preparation of soft-drinks, for it brings to you, without preservatives, the pure, delightful flavors which have made oranges and lemons the favorite fruits in every home. The cloudiness is your guarantee of genuineness, flavor and quality.

The booklet, "The Story of Ward's Orange-Crush and Lemon-Crush," gives full details regarding the making of these drinks. It shows how the delicate flavors are obtained by combining the fruit oils with purest granulated sugar and citric acid—the natural acid of oranges and lemons.

Send for this free booklet today. You will better understand why Orange-Crush and Lemon-Crush enjoy the largest sale of any fruit-flavored drinks in the world.

Milestones of Progress

An unfounded superstition about making wills and an inadequate appreciation of a corporate body's superiority over any individual in the administration of trust affairs, has been—and is—responsible for untold suffering in innumerable families. The man who has his will drawn up in legal correctness, and has incorporated therein his desire to have this institution execute his directions with its characteristic exactness, has passed two very definite milestones of progress.

RACE RIOT BETWEEN SAILORS —MARINES AND NEGROES.

Waukegan, June 3.—Two marines lie wounded in the Great Lakes Naval training station at the hospital today and the naval authorities are planning most drastic disciplinary measures as a result of another race riot. It was the second in three days in which a mob of sailors and marines late Wednesday night attacked the police and attempted to burn a hotel frequented by negroes. The trouble started Monday, the first day of the riot, when negro boys stoned the automobile of a naval lieutenant.

WIRE WORMS ARE WORKING IN SOME FIELDS OF CORN.

According to H. E. Colter of Nodaway county, Mo., the wire worms and other pests have done considerable damage to the early planting of corn, which will necessitate reseeding in some cases. The damp, cold spring has been ideal for the worms to hatch out and attack the root of the plant during its slow stage of germination. In going over his stand of corn, most of which is up and looks good, Mr. Colter finds that fully 10 acres will have to be replanted following an attack by these worms. The pastures, meadows and the smaller grain crops are making good headway now that the weather has warmed up. T. J. Tobin, another stock farmer of the same section of the state, says farmers along the lowlands are having a hard time getting in their corn this spring on account of so much rain. A heavy downpour visited that locality Tuesday morning, leaving the watter standing in the fields that have been too wet to work all spring. The corn on the higher ground is doing well and bids fair to make a good yield, Mr. Tobin says. — Stockyards Journal.

Mr. and Mrs. Truman Crank will live in the residence of Mr. and Mrs. E. P. Reuillard at 823 North Market street while Mrs. Reuillard is spending the summer in Oregon. They will occupy the home with Miss Marie Reuillard and her father.

Mrs. J. E. Herbert and son, Donald, and daughter, Helen Ruth, of Pickering went to Kansas City, Wednesday morning to visit Mrs. Herbert's brother Omer Edmond and family.

Miss Elizabeth Cook left this morning for Denver, Colo, where she will spend the summer.
